

STEP BY STEP

MIX TRANSLATION

WWW.STEPBYSTEPMIXING.COM

Mono

Listen in mono, preferably on a mixcube with one driver.

1

Stereo Tweak

Tweak on monitors in stereo. Rebalance and tweak effects.

2

Check Bass

Check bass on system with a subwoofer, either your monitors or surround system.

3

Ear Buds

Bounce to smartphone. Take the dog for a walk and listen on earbuds. Dog is optional.

4

Tweak

Tackle mix right away or sleep on it. Check mix on high-end headphones throughout.

5

Peer Review

Get feedback from someone you trust, bandmate, studio partner or fellow engineer friend.

6

Client Input

Get feedback from client or your bandmates. Tweak accordingly and finalize mix.
